CEC EXPANDS OPERATIONS TO INCLUDE GREENVILLE, S. C.

New Office to hold Ribbon-Cutting Ceremony and Open House Event on Thursday, April 28, 2016

April 20, 2016 — PITTSBURGH, PA — Civil & Environmental Consultants, Inc. (CEC) has expanded its regional capabilities in the Southeast with the recent launch of a Greenville, S.C., office. The firm's 20th office is initially providing environmental, industrial ventilation, and hazard analysis services and expertise to both the private and public sectors.

Members of the press are invited to attend an open house event on Thursday, April 28, 2016, from 3:00-7:00 pm. A ribbon-cutting ceremony, administered by the Greenville Chamber of Commerce, will take place promptly at 3:30 pm. CEC's Greenville office is located at [530 Howell Road, Suite 203, Greenville, S.C. 29615](#). Opportunities for interviews, if desired, will be made available.

The Greenville office was established in 2016 and will serve as an extension of CEC's Charlotte office for the immediate future, supporting the environmental practice by managing or assisting with several public/private projects. "The upstate of South Carolina is known for its exceptional business climate and superior quality of life, which strategically aligns with CEC's culture," said Charlotte Office Lead and CEC Vice President Scott Brown. "Our clients in the Greenville area are and will be benefitting from the presence of a local CEC consultant." In addition, the Greenville office also will support all CEC offices throughout the firm's footprint.

Charles W. Isham leads the new office and serves as a principal within the firm's Environmental Engineering and Sciences Practice. Isham has spent more than 35 years serving the industrial, commercial, legal, and government markets on projects involving environmental, regulatory, hazardous waste, wastewater, civil, and transportation issues. He is a member of the Carolinas Air Pollution Control Association, serves as Chair of the Greenville Chamber's Environmental Committee, and is involved with the South Carolina Chamber of Commerce Environmental Technical Committee.

Currently rounding out the Greenville office are Martin J. Schloss, P.E., Barbara J. Sease, P.E., and R. Briggs Hamilton, P.E., REM, three project managers with more than 100 years' combined experience in the environmental engineering, consulting, and manufacturing markets. The office is expected to grow to more than 20 staff who will provide civil engineering, environmental engineering and sciences, industrial ventilation engineering, ecological sciences, survey, waste management, and water resources services.

For more information about CEC's services in the region, contact Charlie Isham at cisham@cecinc.com or 864-626-3140 (local), 855-574-4331 (toll free).
