North Central West Virginia Infrastructure Initiative – October 11

October 5, 2016

BRIDGEPORT, W.Va. — Civil & Environmental Consultants, Inc. (CEC) will host a free, all-day technical workshop for individuals working for municipal water and wastewater systems and for natural gas companies that operate water systems.

The second annual North Central West Virginia Infrastructure Initiative takes place this **Tuesday, October 11, 2016, from 8:00 am-4:00 pm at the Bridgeport Conference Center, 300 Conference Center Way, Bridgeport, W.Va. 26330**. Technical presentations occur between 9:00 am and noon, and again between 1:00 and 4:00 pm. Members of the media are invited to cover any and all aspects of the workshop.

Attendees will have an opportunity to view technical presentations from several local businesses and organizations collaborating with CEC on the event, and to visit the topic-related exhibit booths of local vendors. Up to 6 continuing education hours (CEHs) or professional development hours (PDHs) will be available to attendees.

The three workshop “tracks” (Water, Wastewater, and Natural Gas Water) each offer an array of presentation topics. Examples include:

- Maintaining Water Quality with Automatic Flushing and Proper Sampling Techniques
- Open Channel Flow Metering for Collection Systems
- Algal Biofilms for Sustainable Small Community & Decentralized Wastewater Treatment Systems
- An Introduction to MWQA and a Discussion on MS4 Requirements
- Monitoring Pipelines and Infrastructure for Leaks and Intrusions via Fiber Optic Sensing
- The Phenomena of Surge and Air Control in Pipelines
- Water System Design and Permitting
